

## **SCHOOL ELECTRONIC NEWS (SEN), 2012-2014**

### **Evaluation**

Students have learned about:

1. Adobe programs
2. File sharing: dropbox and clouds
3. Team working (videos and articles)
4. Peer education and peer leaders
5. Writing articles in English and organizing information
6. School systems and different organization and school programs
7. Friendship with students from other countries

Teachers have learned about:

1. Working with teachers from other countries via electronic means
2. Organizing team work
3. Improving communicative skills in ourselves and students
4. Comparing our school system with those of other European nations
5. Using programs (Adobe, dropbox etc)
6. Multilateral partnerships (this is our first experience, so we are learning how to manage and collaborate within foreign partnerships and exchanges)
